Good Afternoon Ray...

I'm forwarding Sr. Traffic Engineer Mohammad H. Blorfroshan's Traffic Control Report from a year ago authorizing peak period parking restriction removal on both sides of Melrose between Fairfax and Highland. I believe he had left it to you to issue work orders but the work has never been completed. Can we schedule these signs to be removed as soon as possible?

(I am the Executive Director of the Melrose BID. Let me know as we can assist in any way.)

Thanks for you help getting this finished up.

Good Morning,

Attached is the Traffic Control Report (TCR) authorizing the removal of AM peak period parking restrictions on both sides of Melrose Av between Highland Av and Fairfax Av.

Ray, as we discussed in our meeting, your office can proceed with the necessary work orders to remove the peak period parking signs and modify the existing time-limit parking restrictions at this segment of Melrose Av.

**Mohammad H. Blorfroshan**
